

VERITAS

# Special Offer: NetBackup Recovery Vault

Limited time offer for those customers purchasing new NetBackup licenses!

SPECIAL  
OFFER

Veritas NetBackup Recovery Vault offers seamless multi-cloud backup Storage-as-a-Service for long term data retention at a low cost and keeps your data secure from Ransomware attacks by storing it in a separate Veritas cloud tenant with support for Immutable Storage.

NetBackup Recovery Vault automates large scale recovery using image sharing and resiliency plans and can restore data back on prem or in the cloud without worrying about egress fees.

For a limited time, Veritas is offering the following **special incentive**:

## STACK UP WITH NETBACKUP

Get **10 TB of NetBackup Recovery Vault** for **FREE** every time you purchase **100 FETB** of new NetBackup Enterprise licenses... and get a **50% discount** for any additional NetBackup Recovery Vault licenses purchased during the same transaction!
